Complete OBUK surface-mount enclosures

Description and Technical Characteristics of the Product:

Surface-mount enclosures are designed for mounting electrical and ICT equipment in 45x45 standard. The sockets in 60mm standard can only be mounted in a 2-module enclosure (OBUK-2/M), after replacing the screws with flat head screws, but please ensure that the frame is adjusted in relation to the fixture and the enclosure.

The components included: surface-mount enclosure (OBU), mounting bracket (SUP), masking frame (RAM).

Installation method:

Cut a hole at the desired location, in the side wall of the enclosure using the guides. If necessary, install a connector (E K/PU) connecting the enclosure to the duct. Then screw on the mounting bracket (SUP), snap in the network or computer socket and snap in the RAM masking frame.

Markings:
2-module surface-mount enclosure (metal bracket), Code: OBUK-2/M
4-module surface-mount enclosure (metal bracket), Code: OBUK-4/M
6-module surface-mount enclosure (metal bracket), Code: OBUK-6/M

Technical parameters:
Mechanical:
colours: white
dimensions (W x H x D): 84x84x40mm (OBUK-2); 82x150x40mm (OBUK-4); 82x195x40mm (OBUK-6);
material: ABS (enclosure and masking frame), metal brackets
