

Data Sheet

10" 12-port panel, blank, for RJ45 and RJ12 for tool-free sockets, code: DCN/3012KX12BL

Description and Technical

Characteristics of the Product:

EmiterNet modular patch panel, dedicated to UTP sockets.

Cable management is facilitated by port markings and a text box integrated into the panel.

Standard 10", 1U height - panel for 12 keystone modules.

The metal structure ensures high stability of the panel.

Markings:

10" 12-port panel, blank, for RJ45 and RJ12 for tool-free sockets, **Code:** DCN/3012KX12BL

Products compatible with the panel:

sockets:

RJ45 UTP socket Cat. 5e keystone blue (tool-free); code: DCN/FA-S682MK-8-C5E

RJ45 UTP socket Cat. 6 keystone, blue (tool-free) slim; code: EM/UQK-C6

cap:

modular panel cap, code: DC/3020BS-0N-BK

Technical parameters:

Mechanical:

colour - blue

dimensions (W x H x D): 254x44x12.6mm

weight - 440g
