

Data Sheet

19" panel 24 x RJ45 UTP (1U) for tool-free sockets, unshielded, unarmoured, blue, with colour-coded markers code: DCN/3012KX-24

Description and Technical Characteristics of the Product:

EmitterNet modular patch panel, dedicated to UTP sockets.

Cable management is facilitated by port markings and a text box integrated into the panel.

Standard 19", 1U height - panel that can hold 24 keystone modules.

The metal structure ensures high stability of the panel.

Markings:

19" panel 24 x RJ45 UTP (1U) for tool-free sockets, unshielded, unarmoured, blue, with colour-coded markers **Code:** DCNDCN/3012KX-24

Products compatible with the panel:

sockets:

RJ45 UTP socket Cat. 5e keystone blue (tool-free); code: DCNDCN/FA-S682MK-8-C5E

RJ45 UTP socket Cat. 6 keystone, blue (tool-free) slim; code: EM/UQK-C6

cap:

modular panel cap, code: DC/3020BS-0N-BK

Technical parameters:

Mechanical:

colour - blue

dimensions (W x H x D): 482x44x12.5mm

weight - 650g
