### 42U angle mounting profile for server rails (2 pcs.), code: EM/PRO-L ; EM/PRO-LCZ

#### Description and Technical Characteristics of the Product:

Angle mounting profiles (L-shaped) are designed for server racks. They are used to mount special server rails in cabinets, such as DELL, HP, Fujitsu-Siemens etc., which may not fit standard mounting profiles. The set includes 2 profiles.

#### Installation method:

Remove (as appropriate depending on the type of server rails) the standard front or front and rear profiles, and install angle profiles in their place. After the installation of angle profiles, the shelves that are included in the standard equipment of the cabinet will not match the spacing of angle profiles. In this case, you should use other shelves, screwed on the front (and not on the side). After the installation of angle rails, the load capacity of the cabinet may decrease.

#### Markings:

42U angle mounting profile for server rails (2 pcs.); code: EM/PRO-L

42U angle mounting profile for server rails (2 pcs.) RAL 9004 (black), code: EM/PRO-LCZ

#### Products compatible with EM/PRO-L profile

EM/SH05D-6642 standing frame cabinet, 42U, dimensions 600 x 600 x 1980mm  
EM/SH05D-6842 standing frame cabinet, 42U, dimensions 600 x 800 x 1980mm  
EM/SH05D-8842 standing frame cabinet, 42U, dimensions 800 x 800 x 1980mm  
EM/SH05D-8042 standing frame cabinet, 42U, dimensions 800 x 1000 x 1980mm  
EM/ND-8042 standing frame server rack, 42U, dimensions 800 x 1000 x 1980mm

#### Products compatible with EM/PRO-LCZ profile

EM/NDB-6042CZ EmiteNet standing frame server rack, 42U, dimensions 600 x 1000 x 1980mm  
EM/NDB-8042CZ EmiteNet standing frame server rack, 42U, dimensions 800 x 1000 x 1980mm

#### Technical parameters:

Mechanical:

dimensions (WxDxH) 1870 x 70 x 22mm

material: painted steel

colour: RAL 7044 (EM/PRO-L) ; RAL 9004 (black) (EM/PRO-LCZ)
