

Single box for KP 90x60, 110x60 / installation on the edge of the duct, code: EM/E831**Description and Technical Characteristics of the Product:**

The box is designed for installation in EMITER under-sill (KP) ducts, where the width of the cover is 80mm (fits Emitter KP 90x60/110x60/150x60 ducts). The special design of the box allows it to be mounted on the edge of the duct. Additional tabs are used to lock the box, protecting it from being pulled out when pulling the cable from the socket installed. The box allows you to install a bracket with a frame, necessary for the installation of accessories (power sockets, ICT sockets, etc.), for two 22.5x45 modules or one 45x45 module.

Products compatible with the box:

KP90X60/BI	PVC under-sill duct KP 90x60 white [length 2m]
KP110X60/BI	PVC under-sill duct KP 110x60 white [length 2m]
KP150X60/P/BI	PVC under-sill duct KP 150x60 P/ white [length 2m]
RAMK-2/M	2-module masking frame with metal bracket, for ducts: KP90x60, 110x60, 130x60, 150x60 and PU-2 boxes

Markings:

Single box for KP 90x60, 110x60 / installation on the edge of the duct, code: EM/E831

Technical parameters:

Mechanical:

colours: black

dimensions (W x H x D): 70x80x42mm

screw spacing: 60mm

material: PP
