**1-fan ventilation module mounted in wall cabinets**

**Markings:**

Code: BK/24011100

**Description and Technical Characteristics of the Product:**

Fan module for installation in wall cabinets. Equipped with a power cable without a plug and a protective earthing (PE) conductor with cable lug. Together with the thermostat (code: BK/10352125) allows you to prepare an optimal automatic ventilation system depending on the internal temperature. The fans mounted in the cabinet roof should be exhaust fans (they should be mounted in such a way as to draw warm air from inside the cabinet to the outside), while those mounted in the floor (in some types of cabinets) should be supply fans. The cabinet with the ventilation module installed should be grounded in accordance with applicable regulations.

**Markings:**

1-fan ventilation module mounted in wall cabinets: code: BK/24011100

**Compatible products:**

EM/xxxxxx and BK/xxxxxxxx series wall cabinets

BK/10352125           Thermostat

**Technical parameters:**

dimensions: 120x120x38mm [L x W x H]

power supply: AC 230V
