
EmiterNet 19" vertical 3-phase power strip (3x16A), 18 (3+6) sockets with earth pin, 3m cable IEC309/3x16A plug, screwed

Markings:

Code: EM/A0BF183

Description and Technical Characteristics of the Product:

3-phase power strip used for power distribution in 19" ICT cabinets (PDU - Power Distribution Unit). The enclosure made of aluminium. Designed for vertical mounting in a 19" cabinet. The strip is divided into three blocks, each block is powered from a different phase

Markings:

EmiterNet 19" vertical 3-phase power strip (3x16A), 18 (3+6) sockets with earth pin, 3m cable IEC309/3x16A plug, screwed; code: EM/A0BF183

Technical parameters:

18 round sockets with earth pin 16A/230V
The sockets are divided into three blocks of 6 sockets each
each block is powered from a different phase
sockets with earth pin rotated by 45° to the enclosure
sockets protected against insertion of accidental objects

strip in black colour (similar to RAL9005)

anodized aluminium enclosure in natural colour

The strip designed to be mounted vertically in 19" racks

Brackets for mounting the strip in 4 planes

3m long power cable, type: H05VV-F.5G2.5mm², black.

cable terminated with a straight plug, screwed, type: IEC60309 3x16A/230V

maximum load 48A (11040 W)

dimensions of the strip without mounting brackets (W x H x D): 990 x 44 x 44mm.

Ingress protection class IP20
