EmiterNet 19" non-divided wall-mounted cabinet, unassembled, D 450mm

code: EM/AS6406X

    EM/AS6409X

    EM/AS6412X

    EM/AS6415X

    EM/AS6418X

Description and Technical Characteristics of the Product:

The framework of the cabinet is made of steel sheet, designed for self-assembly - sold in boxes, in an unassembled form.

The enclosure has two cable exit holes (370x60mm 1x top section, 1x bottom section).

Front door with glued-in glass and 1-point lock, mounted on hinges that allow the door to open 180 degrees.

Removable side covers with lock.

Two 19" planes of vertical mounting profiles, mounted on horizontal beams with grille, every 15mm, minimum distance from the front door 60mm.

There are holes in the roof of the cabinet adapted for the installation of 2 ventilation modules (2 fans).

A 300mm long grounding cord.

Fixed shelf 250mm and 15 mounting screws included as standard.

The cabinets are designed for indoor use.

There are also longitudinal knockouts in the bottom and roof of the cabinets to allow the insertion of cables.

Technical parameters:

Cabinet colour RAL 7035 (light grey - structure)

Two 19" mounting planes

Degree of protection against solids and dust and against water ingress: IP 20 (does not apply to cabinets with punched holes for cable entry).

Cabinet for self-assembly (unassembled). The cabinets are packed in cardboard boxes.
