HDMI type female keystone socket on cable, white/black

Markings:
Code: EM/KEY-HDMI/HDMI-KB

Description and Technical Characteristics of the Product:

HDMI type female keystone socket (on both sides) on cable can be mounted in keystone adapters with dimensions (H x W) of 16.10x14.50mm, for example, in socket adapters
45x45, electrical equipment frames, modular panels, etc.
Designed for use in ICT systems, audio/video systems, TV, etc.
The signal cable is connected to the socket with use of a flexible cable, making it possible to change the direction of connection. The cable-mounted design makes it easy to install the socket in boxes with limited space to connect the HDMI signal cable, as well as in boxes with a mobile front plate (floor or countertop boxes).

Markings:
HDMI type female keystone socket on cable, white/black; code: EM/KEY-HDMI/HDMI-KB

Products compatible with the socket:
FU/FA-644-8MP   45x45 1xRJ45,12 adapter
FU/FA-644-9MP   45x45 2xRJ45,12 adapter

Note:
1. The special keystone sockets are not compatible with adapters equipped with a dust cap.
2. Due to the different depth of the sockets and the different ways of routing and connecting the cables, the socket may not be compatible with some products (boxes, ducts, etc.).
3. If the sockets extend beyond the face of the adapter, they may not be compatible with some products.
4. The correct operation of the socket is dependent on all the elements present in the signal path.
Due to the possibility of different combinations of products, it is recommended to check this or

contact the technical department before installation.

Technical parameters:
Mechanical:
colour: white
dimensions (W x H x D): 16.10x21.90x28.40mm
Connector type: HDMI female/HDMI female
Operating temperature: 0ºC to +40ºC
Humidity: 10 to 80%
