

Patch cord cutter for IDC LSA (Krone type) connectors

Markings:

Patch cord cutter for IDC LSA (Krone type) connectors; Code:

EM/FA-389K-LSA

Description and Technical Characteristics of the Product:

The patch cord cutter is an essential tool for terminating LSA-type connectors found in EmitterNet system sockets and panels. The tool has scissors that cut off excess wire (can be locked so that the excess remains intact), an extendible hook for pulling out poorly terminated pairs and an extendible cable pusher. The impact element has is reinforced with metal. The enclosure is made of grey plastic.

Technical parameters:

Colour: grey

Dimensions: (H x W): 185x35mm

Weight 50g

Enclosure material: plastic
