

### Surface-mounted outdoor 24xSC simplex optical distribution box

#### Product description and characteristics:

The wall-mounted optical distribution box is designed for surface-mounting in places, particularly exposed to weather conditions. Weatherproof finish guarantees superior durability and many years of trouble-free operation. The optical distribution box has 24 holes, made for mounting SC Simplex adapters and it is equipped with a number of solutions, to facilitate the management of fibre optic cables inside the enclosure. A place for securing fibre optic splices is provided in the optical distribution box. A gland is also included with the optical distribution box. A lockable door provides protection against unauthorized access to the optical distribution box's interior.

#### Markings:

Surface-mounted outdoor 24xSC simplex optical distribution box; code: **EM/FTTHPB24SCS**

**Packaging:** cardboard box

**Contents:** optical distribution box, gland

#### Technical specifications:

Colour: grey

Material: plastic

Gland: PG 135

Dimensions (L x W x D): 315x245x97mm

Weight: 1.5kg
