

## IP65 4xSC simplex outdoor wall-mounted optical distribution box

### Product description and characteristics:

The wall-mounted optical distribution box is designed for surface-mounting in places, particularly exposed to weather conditions. IP65 waterproofing ensures years of durability in outdoor applications. The optical distribution box has 4 holes, made for mounting SC Simplex adapters and it is equipped with metal reinforcements. A place for securing fibre optic splices is provided in the optical distribution box. A gland is also included with the optical distribution box.
