

24xSC simplex outdoor wall-mounted metal optical distribution box

Product description and characteristics:

The wall-mounted optical distribution box is designed for surface-mounting in places, particularly exposed to weather conditions. Weatherproof finish guarantees superior durability and many years of trouble-free operation. It has 24 holes, made for mounting SC Simplex adapters and it is equipped with a number of solutions, to facilitate the management of fibre optic cable inside the optical distribution box.

A fibre optic cassette is included with the optical distribution box, designed to accommodate up to 24 splices and a gland.

Markings:

24xSC simplex outdoor wall-mounted metal optical distribution box;
code: **EM/FTTHOUTMB24SCS**

Packaging: cardboard box

Contents: optical distribution box, fibre optic cassette inside the enclosure, glands

Technical specifications:

Colour: grey
