

Data Sheet

Power sockets with lock, code: see below

Description and Technical Characteristics of the Product:

Power sockets 16A 250V~ in 45x45mm standard, with lock (DATA), grounded, The lock release is included.

Mounting by snapping on UCHKP quick-mount bracket, OBUK surface-mount enclosure, RAMK masking frame.

Markings:

Single socket, grounded, with lock (red), **Code:** E/GNBZ

Double socket, grounded, with lock (red), **Code:** E/GNBZ-4

Mechanical parameters:

colours: red

dimensions (W x H x D): 45x45x35 (E/GNBZ); 95x45x40mm (E/GNBZ-4)

material: non-flammable PBT

Protection: IP 20

Electrical parameters:

Maximum current value - 16A

Voltage - 250V

Maximum contact resistance – 20 mΩ

Minimum insulation resistance – 500 MΩ

Certificates:

Safety Certificate B:

MARK B EMITER electrical sockets
