

Data Sheet

Power sockets without lock (white), code: see below

Description and Technical Characteristics of the Product:

Power sockets 16A 250V~ in 45x45mm standard, grounded,
Mounting by snapping on UCHKP quick-mount bracket, OBUK surface-mount enclosure, RAMK masking frame.

Markings:

Single grounded socket (white), Code: E/GN

Double grounded socket (white), Code: E/GN-4

Triple grounded socket (white), Code: E/GN-6

Mechanical parameters:

colours: white

dimensions (W x H x D): 45x45x35 (E/GN); 95x45x40mm (E/GN-4); 140x45x40mm (E/GN-6)

material: non-flammable PBT

Protection: IP 20

Electrical parameters:

Maximum current value - 16A

Voltage - 250V

Maximum contact resistance – 20 mΩ

Minimum insulation resistance – 500 MΩ

Certificates:

Safety Certificate B:

[ZNAK B Gniazda elektryczne EMITER.pdf](#)
